

Dream, Believe, Learn, Achieve!

Nursery

If your child is in school we have snack everyday. Please send 20p a day or £1 a week

Welcome to the Nursery room at St James. We cannot wait to spend time with you and your child. Please speak to any of us if you have any questions or queries, we are always here to help.

RE topics

We will be thinking about:
Special People
Easter

Mrs Finch

Mrs Jammeh

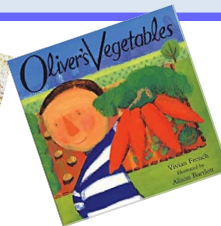

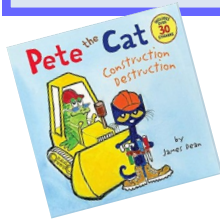

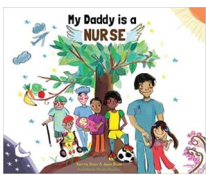

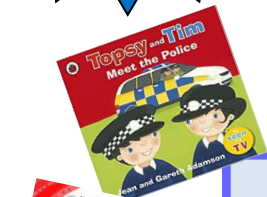

Mrs Oomer

Mrs Patel

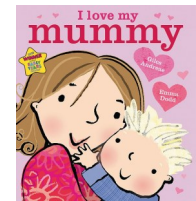

This term we will be reading stories that will develop our interests in different occupations and we will begin to understand the need to respect and care for the natural environment and all living things.

If your child is in school please remember to bring a water bottle everyday and some wellies to keep in school so your child can play out in the sand pit and on the grass. PE is on Wednesday, please make sure children have suitable clothing and footwear.

Stories to develop children's curiosity of the world we live in.

We will be encouraging the children to talk about what they see using a wide vocabulary and continue developing positive attitudes about the differences between people. They will be able to explore different materials and begin to make healthy choices. We also want the children to develop a sense of responsibility and membership of a community. We will have the opportunity to visit the 'community gardens' and celebrate 'Chinese New Year' as well as 'Shrove Tuesday'. The local police officers will also be visiting nursery and for 'Mother's Day' I would love to invite Mummy's, carers or Grandparents for an afternoon tea.

Nursery Rhymes

We are still singing nursery rhymes everyday and will be using percussion instruments to tap out beats to the rhymes. Nursery rhymes are so important and being able to sing a selection of them will really help your child with the first stages of reading by themselves.

Maths

We are continuing to use the Numberblock episodes from Cbeebies to think about numbers. We have met the characters 1,2,3,4,5 and now know what they look like. This term we will be counting objects, actions and sounds and looking at the key principles of counting: one-to-one correspondence; cardinality; stable order.

Everybody who has internet access has been sent the link to Tapestry. Please make sure that you have clicked on this link and are now set up. We use

Tapestry not only to post observations and videos of your child's development but also to send you messages. Please let us know if you are having any problems with it.

Please follow us on Facebook @stjamesfarnworth where you will see lots of photos of what we have been doing. 'Friday News' our weekly newsletter, is also published on here and on our school website page
