

Dear Parents/Carers of Year 1 Children,

I just wanted to put some information together for you to share with the children and hopefully provide some reassurance to those who are maybe feeling a little apprehensive about returning to school. Below are photographs of the classroom environments where your children will be completing their learning alongside the rest of their home team. Although it may look a little different we can assure you that your child will have lots of fun and continue to be cared for in our very special St James way! We are really looking forward to welcoming them all back to school and I'm sure once they are here, it will feel like they've never been away.

We will be ensuring that the children continue to adhere to social distancing guidelines and that they wash their hands regularly. There will also be hand sanitising gel available to your child whenever they need it. Please do not send your child into school with anything other than their coats, a water bottle and a packed lunch (if required). We look forward to seeing you on Monday.

Home Team 1A (Miss Hayward and Mrs Omer) This home team will be based in Miss Hilson's classroom.

Home Team 1B (Miss Worsley and Mrs Parveen) This home team will be based in Miss Worsley's classroom.

Home Team Playground. Each home team will access the playground regularly during the school day to play with their friends whilst being reminded to observe social distancing guidelines.

Mrs Parkinson and the Key Stage One Team
